

RESEARCH CENTRE – SRI AUROBINDO YOGA AND KNOWLEDGE FOUNDATION

# Sustainable India

Comprehensive Impact Report

Weaving Consciousness, Technology, and Grassroots Action into a Resilient  
Future.

*Core Mandate: Transforming national and global landscapes through compliance  
with UN Sustainable Development Goals (SDGs) and Corporate Social and  
Sustainable Responsibility.*

# Academic Milestones & Global Footprint

**140+**

## **Villages Empowered**

Driving direct, measurable grassroots impact across rural communities.

**40+**

## **HEIs Integrated**

Actively integrating Higher Education Institutions into sustainable operational frameworks.

**50+**

## **Corporate Synergies**

Collaborating with sustainable companies to implement green technologies.

**25+**

## **Research Projects**

Leading and systematically funding sustainable research initiatives globally.

\* Publishing *The Progress International Journal (ISSN: 2584-0517)* as a peer-reviewed platform for sustainability research.

# Empowering 140+ Villages

- 🌿 **Child Health Infrastructure:** Fostering community responsibility through the *Sharing Happiness Initiative*, organizing routine health check-ups and distributing free dental kits to rural primary children.
- 🌿 **Vision Care Access:** Partnering with Aravind Eye Care to provide accessible vision correction and eliminate avoidable blindness across rural and tribal communities.
- 🌿 **Rural Economic Development:** Deploying sustainable livelihood models, including the processing of natural plant fibers and the installation of solar dryers for agricultural produce.
- 🌿 **Education for the Future:** Bridging the digital divide and modernizing rural curricula by introducing progressive "AI for Schools" programs.

# Scaling Circular Economies

## Project Biogas

Installing on-campus anaerobic digesters to convert 250–1,000 kg/day of kitchen food waste into 120–140 cubic meters of biogas for commercial cooking.

## Nutrient Loop

The closed-loop process yields 80–90% nutrient-rich digestate, which is utilized as organic fertilizer for campus landscaping.

## Biomass Pellet Production

Empowering local women to transform discarded biomass into premium fuel pellets. Generates livelihoods for 50 women, fuel for 5,000 students, and diverts 2,000 tons of waste annually.

# Women's Health & Eco-Innovation

## Biodegradable Sanitary Napkin Manufacturing

- 🌿 **Zero-Plastic Production:** Disrupting the market by replacing conventional plastic-heavy pads with 100% biodegradable fibers—such as banana, bamboo, or corn—that safely decompose within 12 months.
- 🌿 **Health & Safety:** Ensuring all manufactured hygiene products are entirely toxic-free, eliminating the use of dioxins, bleach, and harmful chemicals to prioritize user skin safety.
- 🌿 **Micro-Entrepreneurship:** Creating a sustainable local income source by employing rural women and youth in all stages of production, packaging, quality control, and regional marketing.

# Thematic CSR Delivery Networks

## Waste to Wealth & Organic Manure

Training SHGs to harvest invasive water hyacinth, crafting them into eco-friendly products.

Simultaneously, Project Urvarā processes municipal leaf litter into 100% natural compost to support sustainable agriculture.

## Safe Disposal & Clean Water Access

Installing household-level sanitary napkin incinerators across 4,000 homes to eliminate harmful open burning.

Furthermore, deploying community-based filtration systems to underserved areas to reduce waterborne diseases.

# Elite Advisory & Collaborative Alliances

## The Mother

Above all words, above all thoughts in the luminous silence of an aspiring faith give yourself totally, unreservedly, absolutely to the Supreme Lord of all existences and He will do of you what He wants you to be."

With love and blessings

## Guided by Visionaries, Executed by Experts

- 🌿 **Strategic Board Guidance:** Empowered by PhDs and Masters with deep expertise in Sustainable Research, and guided by esteemed national advisors.
- 🌿 **Prestigious Collaborators:** Proudly working alongside national innovation frameworks such as Auroville, IIT's Unnat Bharat Abhiyan, and 20 integrated centers of the Sri Aurobindo Ashram.
- 🌿 **Corporate & Banking Network:** Supported by industry leaders and major banking institutions—including SAIL, IDFC FIRST Bank, and Bank of Baroda—seamlessly linking dedicated CSR funding with high-impact grassroots action.

# Join the Movement

Together, we can build a resilient and sustainable future.
